

# CHASE GATYAS

FRONT END WEB DEVELOPER

## I'm Chase Gatyas!

I have spent most of my career as a front-end web developer / designer. I love a good challenge and recently was introduced to the world of IT Service Management, specifically ServiceNow and became very interested in creating applications that could address specific needs of a given business. I began training to make that transition and have just received my ServiceNow Administrator certification. I am currently training for my Service Now Developer Certification.

## EXPERIENCE

### Front-End Developer / Graphic Artist

Techsoft Inc. | 2017 - Current

Created 3D simulation for U.S. Navy training program. Primary role was improving scene optimization and performance. Created Web Application for that environment using Typescript, BabylonJS, HTML 5, and CSS. Modeled and textured 3D scene assets using 3D software and Adobe Photoshop. Optimized scene assets to increase performance in both a stand alone and web versions.

### Front-End Developer / Graphic Artist

Appleyard Agency | 2011 - 2017

My responsibilities included front-end web development as well as video editing. I developed custom WordPress websites, landing pages and digital banner ads for the agencies clients using Wordpress, PHP, HTML, CSS and Javascript. In addition to the development work, I also was heavily involved in the production of broadcast commercials and video with responsibilities including shooting editing and motion graphics.

### Front-End Developer / Graphic Artist

Native Remedies | 2009 - 2011

Site wide design and content updates, successful design and development of monthly email campaign consisting of 12 monthly newsletters, maintenance of over 250 product labels. Managed auto-responder campaign using ListMail with over 1,500 auto-responders. Build out of A/B and Multivariate tests for use with Google Website Optimizer.
